|                  |                                                                         |
|------------------|-------------------------------------------------------------------------|
| Parameter Name * | EXCLUDEWEBPARTS                                                         |
| Parameter Value  | true                                                                    |
| Description      | If set to true, web parts data is not collected during the discovery. I |
| Notes            |                                                                         |

Recycle the Axceler application pool:

The next time the full discovery runs it will not include web parts data – especially if they are not found.
